Veronica Grady

Competency W: Supporting Employment, Educational and Career Goal Attainment

Ms. Grady supports each individual residing in the Richmond Hill IRA by being knowledgeable about their education and career goals.

Ms. Grady has been observed discussing educational options, creating resumes and assisting an individual with locating her GED from another state via the internet.

From the moment Veronica enters the residence, the individuals' faces light up with excitement, eager to discuss their hopes, options and career dreams.

One of the Ladies expressed an interest in owning her own Day Care, however, anticipating failure and feeling she would not be smart enough to start her own business, she was reluctant to pursue her dreams.

With Veronica support, she motivated the individual to believe in herself, and assisted her with exploring options regarding the educational requirements needed to begin a Day Care business. This research boosted the individuals' self esteem and she no longer feared what she knew she could accomplish. With the help of her MSC, she applied and was accepted to LaGuardia College. She is on the path of her dream career goal of opening up her own Day Care with the assistance, guidance and support of Ms. Veronica Grady.
