# THE CENTER FOR FAMILY SUPPORT

# Amanda Hall-Pratt

Amanda Hall-Pratt is a DSP who works on the 826 side of the 178<sup>th</sup> Street residences. Mrs. Hall-Pratt came to CFS with no prior experience working with individuals who have Developmental Disabilities. She came on board in March 2015 as a per diem staff, so she could gain education and experience working with the various capacities of individuals that we serve. She has now secured a full-time position at the 178<sup>th</sup> Street residence.

It has been observed that Mrs. Hall-Pratt works very diligently to ensure each individual's choices and desires are respected, and that their needs are addressed each day. Whenever she's on shift one can be assured that the individuals will always enjoy healthy meals, good hygiene, are always well-groomed and pleasant in their appearance. She somehow is able to do this while being mindful of their unique personalities, potential and capabilities evidenced in their willingness and desire to be engaged in various activities with her - be it clothing and grocery shopping,

the preparation of their meals or just to participate in activities around the house.

Mrs. Hall-Pratt has the uncanny ability to positively interact with all individuals and consequently is able to elicit reactions or response that not only indicate they understand her, but also that they are accepting. This has greatly helped to facilitate their personal growth and development. We have an individual with very limited grasp of the English language. Mrs. Hall-Pratt took the initiative to help with the language through everyday interactions. It has been observed how she painstakingly gives explanations and patiently waits for responses. She seems to deliberately and consciously spend time teaching new words, expanding their English vocabulary. As a direct consequence of this observation of her effective and meaningful communication. the individual in question now has 'Learning English' as a valued outcome. "They" made significant progress not only in increasing their vocabulary but also in the ability to construct whole sentences in English. This individual has become more confident and expressive. This was demonstrated in two recent medical appointments where without the usual use of an interpreter the recipient was able to communicate and gave appropriate responses to the doctors.

In recent weeks we have been without the service of one of our medical coordinators. Without being asked Mrs. Hall -Pratt stepped forward making herself available to assist with some of the general functions out of an interest in ensuring that medical appointments and follow-ups are not missed, and medications do not run out. She now monitors the calendar, does the weekly medication inventory and brings to the attention of the management staff anything she perceives has implications for the health and wellness of the individuals.

## Mrs. Hall-Pratt continues to demonstrate the highest level of profes-

sionalism in the work that she does on a daily basis. She comes to work each day on time with a smile on her face, eager to teach, support or assist the individuals to whom we provide service and ensure that they enjoy progress, inclusion and advancement toward independence.

We overwhelmingly select Amanda has our Nominee. Avery Powell, Sr. Residence Manager
