

## COVID-19 VACCINE INFO

### WHY VACCINATE ?

As a father of two toddlers, I decided to receive the COVID-19 vaccine to protect my family. In addition to that, some of the individuals I work with have underlying medical conditions, but they have not been able to receive the vaccine yet, so I got the vaccine to help protect them.

Richard Res Mgr

Congratulations Richard, Anthony and Becca on getting vaccinated.

Approximately 175 staff and 120 people supported at CFS have been vaccinated so far and we continue to make appointments.

If you want to share your vaxxies or if you have questions that we might be able to answer for VaxMatters please send to [jcropper2@cfsny.org](mailto:jcropper2@cfsny.org)

We are developing relationships with various vaccination sites throughout NY and NJ. If you are interested in receiving the vaccine contact your direct supervisor and/or the following depending on state or program so that we can reach out to you.

You are this weeks winner of the \$100 gift card!

NYS will be receiving more vaccines and are working on a distribution plan. As a result, it is important to be regularly checking all websites to determine vaccine appointment availability. Some tips are to keep refreshing your webpage as there might be cancellations and consider trying early in the morning or early in the week. New locations have opened this week including York College in Jamaica Queens and Medger Evers College in Brooklyn. CitiField are also doing vaccines 24/7, so you could even grab an appointment in the middle of the night!

Use this page for more information, please note that we added a new link to a website where you can find locations with vaccine appointments in NYC <https://www.turbovox.info/> . Please continue to visit our website for updated information and FAQ <https://www.cfsny.org/covid-19->
